## Note:

- \* Participants must receive a **minimum of 4 hours** of the required 18 hours of Case Consultation in an **Individual Case Consultation** format. This will insure that all requirements will not be met without a participant ever personally presenting a case.
- \* Participants must have a **minimum of 6 hours** of the required 18 hours of **case consultation with an FHE faculty member**. This can be either in the Group or Individual Case Consultation venue.
  - **3 hours of group case consultation is equal to 1 hour of individual case consultation.**
- \* The FHE encourages participants to obtain sessions from a variety of providers so that you may benefit from their experience of being taught by the various members of the FHE faculty.

*Please forward original logs to the FHE upon completion of total required hours for SEP certificate. Keep a copy for your records; participants are responsible for tracking their own session hours.*
